This is a letter regarding Domperidone

29 September, 2015

Dear Prescriber,

Your immediate action may determine the outcome of the availability of Domperidone for use in California and/or the U.S.

Your specific response and attestation is important to the ability of Inland Compounding to continue to do business. We are asking for our support in signature only. Please complete and sign below and return to Inland Compounding in the enclosed, stamped envelop.

I, _____, do hereby stand in support of Inland Compounding Pharmacy in the practice of compounding and in the dispensing of the medication domperidone for the use of GI paresis and maternal milk production. This medication is relevant and medically necessary for health.
